# Collection **MANCINI** **LEFT**

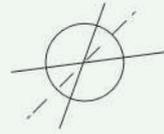

Arda, specialista nel disegno tecnico, è attenta all'inclusività e alle diverse necessità degli studenti. È da questa attenzione che nasce la linea Mancini: **righe con numerazione invertita, temperamatite e forbici con lame dedicate** e forme ergonomiche progettate per seguire il movimento naturale della mano sinistra. Strumenti pensati per offrire comfort, precisione e un'esperienza di utilizzo davvero su misura.

Arda, a specialist in technical drawing, is committed to inclusivity and to the diverse needs of students. This care gave birth to the Mancini line: **rulers with reversed numbering, pencil sharpeners and scissors with dedicated blades** and ergonomic shapes designed to follow the natural movement of the left hand. Tools created to offer comfort, precision, and a truly tailor-made user experience.

Arda, spécialiste du dessin technique, s'engage pour l'inclusion et la prise en compte des besoins variés des étudiants. Cet engagement a donné naissance à la gamme Mancini: **règles à graduations inversées, taille-crayons et ciseaux aux lames spécifiques** et aux formes ergonomiques conçues pour épouser les mouvements naturels de la main gauche. Des outils pensés pour offrir confort, précision et une expérience utilisateur véritablement personnalisée.

## Forbici - Scissors - Ciseaux

Le lame delle forbici per mancini sono speculari a quelle per destrimani : la lama superiore è quella che sta a sinistra, mentre quella inferiore è a destra, permettendo al mancino di tenere sempre la lama di taglio in primo piano e vedere chiaramente la linea di taglio. Anche l'impugnatura, in ABS, è studiata in modo ergonomico per adattarsi alla mano sinistra con gli anelli inclinati verso il basso e a destra rendendo l'uso più naturale e confortevole.

The blades of left-handed scissors are the mirror image of those for right-handed users: the upper blade is on the left, while the lower blade is on the right, allowing left-handed users to always keep the cutting blade in focus and clearly see the cutting line. The ABS handle is also ergonomically designed to fit the left hand, with the rings angled downward and to the right, making use more natural and comfortable.

Les lames des ciseaux pour gauchers sont inversées par rapport à celles des ciseaux pour droitiers : la lame supérieure est à gauche et la lame inférieure à droite, permettant ainsi aux gauchers de toujours garder la lame en vue et de visualiser clairement la ligne de coupe. La poignée en ABS est également ergonomique et adaptée à la main gauche, avec des anneaux inclinés vers le bas et la droite, pour une utilisation plus naturelle et confortable.
